OUR HISTORY

Drawing from the resounding achievements last one decade, IPPF is thrilled to unveil PLAST PACK 2025. India's premier gathering showcasing cutting-edge technologies and innovations in plastics machinery, raw materials, processing machinery, and finished products. Strategically located in central india, Leveraging the remarkable accomplishments of the past decade, IPPF is excited to introduce PLAST PACK 2025-India's leading event highlighting state-of-the-art technologies and innovations in plastics machinery, raw materials, processing machinery, and finished products

PLAST PACK 2025 FACTS & FIGURES

WHO SHOULD EXHIBIT

- ◆ Machinery & Automation Industry
- ◆ Plastic Packaging & Finished Goods Industries
- ◆ Plastic Industry Mould & Dies Maker
- ◆ Plastic Recycling & Green Energy Solutions
- ◆ Injection Moulding Machinery Manufacturers
- ◆ Blow Moulding Machinery Manufacturers
- ◆ Extruders & Extrusion Lines
- ◆ Reprocessing & Recycling Machines
- ◆ Auxiliary & Testing Equipment Manufacturers
- ◆ Printing & Finishing Machinery Manufacturers
- ◆ Variable Data Printing Machines

VENUE ADVANTAGE

Certainly! Renowned for its top-notch facilities, featuring dedicated halls for the production of live machine-finished plastic items, as well as for Reprocessed polymer and virgin polymer, all housed within a single comprehensive facility. Convenient location with the added advantage of being centrally located in India. Remarkable connectivity from the Airport, Highway, Railway & Cargo Port

CENTRAL INDIA

Welcome to the realm where plastic paves the path to endless possibilities.

Population of Madhya Pradesh

8.90 Crore

Polymer consumption

Raw material **13,00,000** MT per annum
Master Batches **45,000** MT per annum

Plastic Processing units

38000+ (all types of Units)

Number of Plastic & Packaging units

54000+

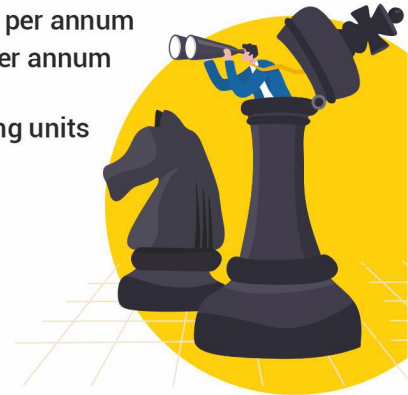

GDP of Madhya Pradesh
2023 Statics

USD 174 Billion

Growth Rate of State

Estimates **6 - 7.5%**

FOCUS SECTORS

Flexible Packaging

Consumer Durables

Woven Bags

Household Products

Auto Components
Interiors & Under
The Bonnet

Pipes & Fittings

Infrastructure Related

Industrial Packaging

GAIN COMPETITIVE ADVANTAGE

- ◆ Engage with key industry figures and governmental decision makers for networking and collaboration opportunities.
- ◆ Tap into growth prospects through ongoing diversification efforts within various industries.
- ◆ Stay updated on the latest advancements to support continuous expansion and increased exports within the Indian market.
- ◆ Identify new market destinations across India with convenient to emerging markets regionally.
- ◆ Partner with national companies to establish manufacturing facilities within India's business landscape.
- ◆ Elevate brand presence among industry leaders and consumers.
- ◆ Gain deeper insights into the evolving business landscape & cultural dynamics shaping India's market demands.
